**About AIA & AIA Denver Chapter**

*For 150 years, members of The American Institute of Architects (AIA) have worked with each other and their communities to create more valuable, healthy, secure and sustainable buildings and cityscapes. AIA members have access to the right people, knowledge and tools to create better design, and through such resources and access, they help clients and communities make their visions real. The AIA Denver Chapter is one of four chapters within the AIA Colorado Component. This chapter is comprised of members from nine counties in the metro Denver area.*
