

January 30, 2009

It is that time of year again! Colorado's young architects, interns and students are hard at work planning the **10<sup>th</sup> Annual Young Architects Awards Gala**. We are pleased to announce this year's event will be held on Friday, April 17, at RedLine, located at 2350 Arapahoe St. in Denver.

YAAG is an event that truly showcases the best of what our young architects, interns and students have to offer. From the committee volunteers who organize this event, to the young professionals who put their creativity and passion for architecture on display, YAAG gives all of us an opportunity to shine.

As the signature event for Architecture Month 2009, YAAG will recognize the accomplishments of our young professionals during the evening's awards program. We will continue the celebration through the evening with hors d'oeuvres, cocktails and live entertainment.

This event requires a certain amount of investment from the community to finance the program. We need to offset our expenses with financial sponsorship in addition to ticket sales and awards submittal fees.

On behalf of the entire YAAG committee and AIA Colorado's young architects, interns and students we appreciate your support through sponsorship, attendance and promotion of the event. Please encourage the young professionals in your office to participate. We rely on your commitment to foster continued growth within our community.

**Imagine** your company's name promoted at the largest AIA Colorado spring event.

**Imagine** the gratitude and appreciation of hundreds of young architects, interns and students who will know that your company is a leader in promoting the vision and future of Colorado's community.

**Imagine** your company as a recognized supporter of the next generation of architects!

Thank you for your time, we look forward to hearing from you in the near future.

On behalf of AIA Colorado and the YAAG Committee,
